**PENDULUM MANAGEMENT COMPANY CELEBRATES 10th ANNIVERSARY**

**CHARLESTOWN, IN. – January 30, 2009 – [Pendulum Management Company LLC](#)** announced that it has just completed its tenth year of operation. Pendulum Management is a Veteran Owned Small Business (VOSB) chartered in 1998. Pendulum leverages the expertise of its experienced management team with a network of advisors and associates to provide exceptional services to its customers. Additional affiliated companies were started to capitalize on specific opportunities and to serve different customer groups: [Pendulum Services](#), also a VOSB, was formed in 2002 to capitalize on staffing augmentation opportunities as Government agencies are formed or transformed, and [Pendulum Resources](#) was organized in 2004 as a Service-Disabled Veteran-Owned Small Business (SDVOSB) to provide an alternate contracting vehicle for customers. The companies together comprise [The Pendulum Group](#) of Companies.

Among the many achievements of The Pendulum Group over the past ten years are:

- Support for the formation of [Public/Private Partnerships](#) and other organizations, including the [Picatinny Technology Innovation Center](#) at the US Army's [Picatinny Arsenal](#), the [Leonard Wood Institute](#) at [Fort Leonard Wood](#), MO, and the [Defense Transformation Institute](#)
- Assistance in the establishment of the [US Army Installation Management Command](#) by providing staffing augmentation
- [Contracted Manager](#) for the [U. S. Army Armament Retooling & Manufacturing Support \(ARMS\)](#) initiative National Marketing and the [U. S. Army Arsenal Support Program Initiative](#)
- [National Institute of Standards and Technology](#), [Federal Laboratory Consortium](#) - support for the [Mid-Atlantic Region](#)
- Marketing to commercial entities of assets at several military facilities

- Development of [award winning marketing materials](#) – [brochures](#), [flyers](#), [news articles](#), and [magazines](#)
- Development, presentation, and management of [conferences](#)
- Development and maintenance of web sites, including [www.openterprise.com](#), [www.militarycityusa.com](#), [www.defensetransform.org](#), and specialized sites for the US Army
- [Facilitating recycling](#) of significant quantities of surplus military explosives
- Consulting on a wide range of activities, including [facility use contracting](#), [development of community and municipal partnerships](#), creation of [government intermediaries](#) and [technology transfer](#), and arranging private financing for the use of government assets
- Facilitation of the private use of government assets
- Staff augmentation to government and industry. Additionally, the Pendulum Companies are now channel partners representing [FacilityOne](#) facility management software and [InnoCentive](#), the premier [Open Innovation](#) solution on the market today

The Pendulum Group has a wide ranging customer list that includes some of the best known public and private organizations in the country. The companies have received recognition through receipt of many awards, including a [CoreNet Global Award](#), several [APEX Awards of Excellence](#), and [Expansion Solution Magazine's 2008 Award of Excellence in the "Defense" industry category](#)

“We recognize that change in business and Government is continual and we have tried to assist both parties to capitalize on the opportunities provided by changing conditions,” stated Sid Saunders, Managing Partner. “We look forward to providing support to Government and industry to capitalize on opportunities presented by current economic conditions and as a solid foundation for the future.”

The Pendulum Group of Companies (Pendulum Management, Pendulum Services and Pendulum Resources) is focused on asset management and headquartered in Charlestown, Indiana, with regional offices in Rock Island, Illinois and San Antonio, Texas. Pendulum is dedicated to maximizing the value of government assets and technology. More information on Pendulum Management Company may be obtained through their website ([www.pendulumsite.com](#)) or by contacting Sid Saunders at 210.288.2431, email [ssaunders@pendulumsite.com](mailto:ssaunders@pendulumsite.com).
